management, socio-economic development, livelihood, thrift & credit, relief & rehabilitation, child rights and social welfare issues since last 11 years

JAYANTI has been taking up need based programs for socio-economic, income generation, health service, child development, women empowerment, environmental care, natural resource management and human resource development of tribal community. All of its programs are women, children and youth focused since JAYANTI is a social development organization for socio cultural awareness since 1990. JAYANTI has been adopting the strategies that are feasible, workable and sustainable, such as sustainable development initiative, community participation and empowerment, animation and sensitisation, promotion of human potentials and capacity building and mobilization.

JAYANTI, in short grew out of felt need of the poor rural and urban people special emphasizing tribal women living most deprived ecologies far away from main stream both by physical distance and accessibility to a welfare vis-à-vis development services and infrastructures meant for them. Since then it has been endeavouring to serve the people of backward areas with the active people's participation through sustainable socio-economic development awareness intervention programmes. JAYANTI gives top most priority to grass root level and it intends to prepare the human resources, as an active agent for developmental actions. activities JAYANTI started to diversify its activities towards health and environment sector where human and natural resources management could possible through health camps, eye camps, environmental awareness, plantations, protection & management of community forests etc. In the year 2000 and onwards JAYANTI started to visualize its objectives in integrated manner and adopted compost development scheme of one cluster. From 2016 onwards JAYANTI is involved in livelihood enhancement program , strengthening grass root governance through PRI initiatives , biodiversity conservation through women SHGs , Integrated Nutrition and Health program, Agricultural Development, Total Sanitation Campaign, Community Child Development, Eradication of Child labour, Socio-economic empowerment of women, Integrated tribal development, Development & Self employment of youths, and handicraft cluster development program. Presently JAYANTI intervenes directly to 3000 beneficiaries covering 5 blocks and 1 Municipality area in BALASORE district. JAYANTI is providing scope of enhancing livelihood with the available source at community level with the help of women SHG members, farmers and youths.

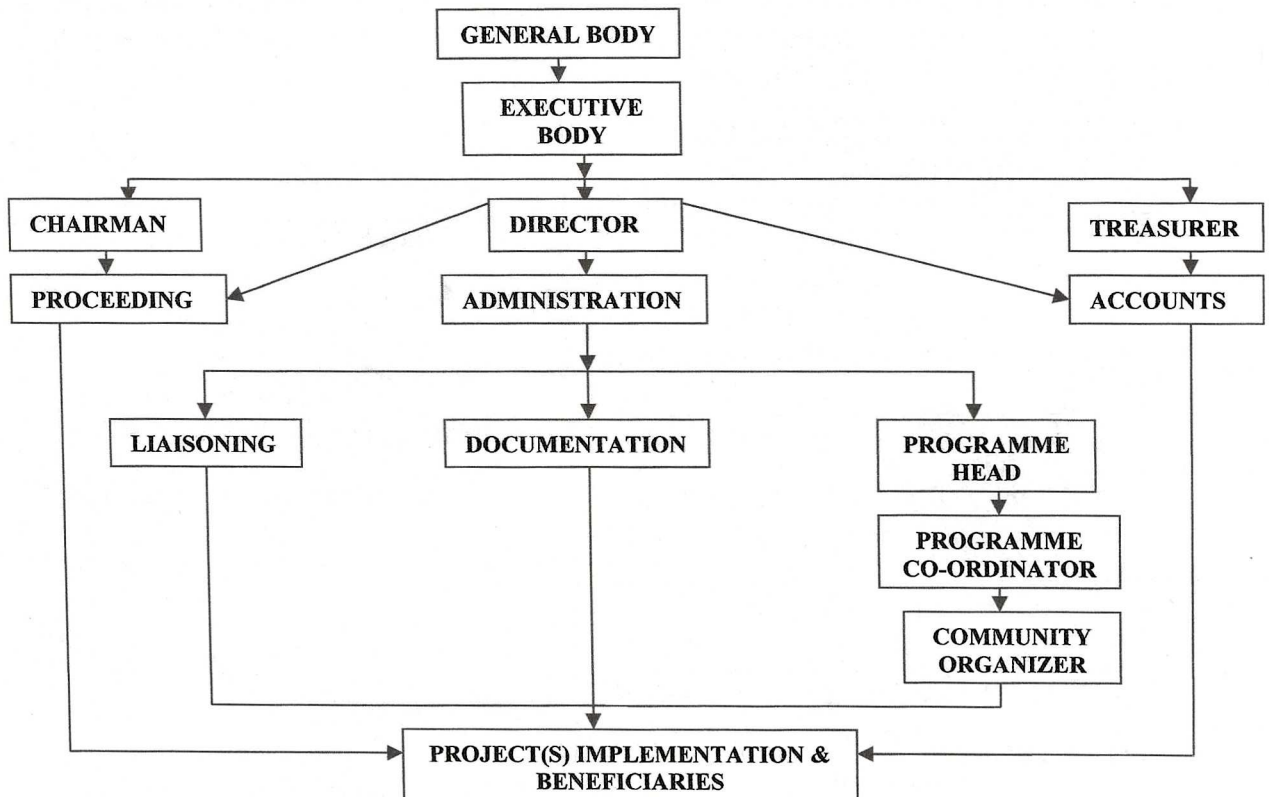

Expertises: JAYANTI is expert on the following areas :-

1. Survey and Research
2. Project Planning & implementation
3. Monitoring & supervision
4. Human Resource
5. Programme management & execution at field level
